Ariana,

Thanks for sharing this.

All of our officers know they are always on "Candid Camera"

However, this is a great reminder that we need to continually train our officers to be courteous, respectful
& always conduct themselves professionally.

Thanks

Subject: Streetwise LA YouTube

There's a new video on YouTube claiming an Arts District BID Safe Team officer was drinking on the job. The video could be interpreted in a number of ways but more importantly there's a man going around Downtown filming BID officers doing their job and inserting commentary as he sees

fit. <https://www.youtube.com/user/LAStreetWise> It's not all bad, but do our guys need to have sort of training for this?

It looks like most of the videos are in DCBID and Historic Core area, with the exception of his most watched video which is labeled as gang turf fight in our district - <https://www.youtube.com/watch?v=GtBm74hnAKg> It looks like the illegal purse vendors.
